

The Munsey Park Student Council invites you to participate in the **BIRTHDAY BOX** program sponsored by:

Birthday Wishes is a charity organization that provides birthday celebrations for children in homeless shelters who would not otherwise have a birthday party. Munsey Park students can help by donating items needed to build birthday boxes. Once the donations are collected, the student council members will pack up the boxes and contact the organization to coordinate delivery!

Each grade is assigned various items to bring in should you wish to donate. You may bring in one or more of your grades items! Anything you can do to help is greatly appreciated! For more information about the program check out their website!
