

MANHASSET SCHOOL COMMUNITY ASSOCIATION

September 2010

Dear Parents of Fifth Grade Students,

The SCA Enrichment Committee is proud to inform you that Brian Heinz, a critically acclaimed author of children's books, will work with our fifth grade students on September 21-23, 2010.

Mr. Heinz is the author of such popular children's books as *The Wolves*, *The Monsters' Test*, *NANUK: Lord of the Ice*, *Butternut Hollow Pond*, *The Barnyard Cat* and many more.

Many of the students will remember Mr. Heinz from his visit last year where he presented his program, "From Writer to Reader" to our fourth grade students. He explained the creative process of writing children's books from an idea to the finished product. This year he continues his program with a more in-depth and personalized study in each classroom.

Please note: The Manhasset Library, as well as the in-school media rooms of both Munsey Park and Shelter Rock all have works of Mr. Heinz for you and your child to explore.

Thank you for discussing Mr. Heinz' visit with your child.

Sincerely,

Annie Vetrone
Pamela Kenlon
Enrichment Committee Co-Chairs
