

# 2024 SCA Saturday Series

**Class Dates: Jan. 20, 27, Feb. 3, Mar. 2, 9, 16, 23, Apr 6**

Welcome to the 2024 SCA Saturday Series enrichment program! Saturday Series is open to all Manhasset School District residents, Kindergarten through 6th Grade. All classes are held at Shelter Rock Elementary School.

Classes are \$175 with additional fees on certain classes.

**Register online at <https://saturday-series-2024.cheddarup.com>**

**MUSICAL THEATER is \$430.** 6th Graders are given priority and lower grades will be accepted until class reaches capacity.

Any questions or to volunteer, contact [Saturdayseries@manhassetzca.org](mailto:Saturdayseries@manhassetzca.org). Additional information at [Manhassetzca.org](http://Manhassetzca.org)

## BRAIN TEASING TRICKS & OPTICAL ILLUSIONS

Learn how to fool the brain into seeing and believing things that may or may not be real. Amaze friends & family by reading their minds while performing illusions.

**Grades 3-6: 10:55 – 11:55**

## MAGIC TRICKS

Learn the exciting secrets of magic and amaze everyone with fun-to-learn tricks using simple math, coins and everyday items. Your friends and family will be astounded and left wondering "How did (s)he do that?"

**Grades K-2: 9:45 – 10:45**

## CHESSMATE

A grandmaster coach from Make Your Move Chess Academy will improve the game of first-time to experienced chess players. Have fun while improving problem solving and logical reasoning skills.

**Grades 3-6: 9:45-10:45    Grades K-2: 10:55 – 11:55**

**Additional fee: \$20**

## HIP HOP/JAZZ

This class focuses on the current funky street style of Hip-Hop while instilling the basic techniques of Jazz dance. Dancers will learn high-energy routines demonstrating style and rhythm. Lessons and music will be age appropriate.

**Grades K-2 9:45-10:45    Grades 3-6: 10:55-11:55**

## JUNIOR SCIENTISTS

Science made fun and exciting with instructors from the Science Museum of Long Island! Take home projects to show off your new scientific knowledge to family.

**Grades K-2: 9:45 – 10:45**

## SENIOR SCIENTISTS

Learn how science touches our everyday lives. Join the Science Museum of Long Island in performing experiments that amaze and astound. From the "magical" power behind chemistry and physics to the captivating draw of live animals and gemstones.

**Grades 3-6: 10:55 – 11:55**

## KRAFTY KIDS

Create original crafts, a new project each week. Students will learn about a variety of art media. Some projects include DIY plaster masks, sand art, dream catchers and slime. The kids will create seasonal crafts.

**Grades K-2: 10:55 – 11:55    Grades 3-6: 9:45-10:45**

**Additional fee: \$50**

## CHINESE

Explore Chinese culture and the unique Mandarin language system. Students will understand commands, recognize and identify vocabulary for different topics, and use basic grammatical structures to form sentences through storytelling, language games, songs, texts, and other fun activities.

**Grades 3-6: 9:45 – 10:45    Grades K-2: 10:55 – 11:55**

**Additional fee: \$5**

## SPANISH

Learn Spanish with this Spanish Immersion Workshop. Students will participate in hands-on activities, projects and games to learn basic words and phrases.

**Grades K-2 9:45-10:45    Grades 3-6 10:55-11:55**

## MINING & BUILDING: ADVANCED

Students will learn the art of crafting and stirring up their own potions using LEGO. Students will build & solve Minecraft riddles, challenges and puzzles.

**Grades 3-6 10:55-11:55    Additional fee: \$50**

## SLIME, LEGOs, STEAM, ROBOTICS and More!

Join the fun! In Snapology's STEAM children will be introduced to science, engineering and robotic concepts, simple machines and presentational skills by participating in this fun-filled program. Create Slime, build robotic and program age-appropriate robotic models using LEGO bricks and tablets, explore the world of transportation, and more.

**Grades K-2 10:55-11:55    Additional fee: \$50**

## SUPERHEROES, LEGOs, STEAM, ROBOTICS and More!

Join the fun! In Snapology's STEAM program children will be introduced to engineering and robotic concepts, simple machines, and presentational skills by participating in this fun-filled program. Enter the world of superheroes by leaping tall buildings, building robotic & programming a robotic model of the batmobile using LEGO bricks and tablets and more

**Grades 3-6 9:45-10:45    Additional fee: \$50**

## MINING & BUILDING: BASIC

Join us as we bring Minecraft to life using LEGO. Create your own world, including animals, creepers and your very own Minecraft character.

**Grades K-2 9:45-10:45    Additional fee: \$50**

## MANHASSET THE VOICE

Enrich your voice, have fun and build confidence while learning the proper technique for singing songs from Broadway to pop. Final performance on the last day of class.
