Gifted & Talented Division

Proudly presents our newest class:

Calling All Chemists and Mathematicians!

STEAM FOCUS: SCIENCE/MATHEMATICS

Friday November 30th, 2018
4:00 – 5:30pm
Manhasset Public Library – Garden Room (3rd Fl)
1st – 4th Graders

During this 90-minute class, students will make predictions, make discoveries and learn new science vocabulary!

What happens when you mix vinegar and baking soda? What is a chemical reaction? After we complete the experiment, we will have fun making our own snow! With background knowledge from the experiment, children will be eager to make predictions, and take chances!

Space is limited! To register, or any questions, please email:
ManhassetSEPTA@gmail.com
SEPTA members get first priority!
