

Repurpose for a Purpose

Shelter Rock School's

Repurposed Trash Contest!

Guidelines and Rules:

Each student will prepare an outline of an idea for a usable item made completely from trash.

You will need to document:

- A list of materials being used
- Description of the purpose your product will serve
- A drawing or photograph of the finished product (please do not MAKE the product!)

One student per grade will be chosen and will be given the "green" light to build his/her product. That product will be on display in the library for all to see!

Below is a list of websites to get you started with ideas on how to repurpose items.

- www.mnn.com
- www.earth911.com
- www.diyinspired.com

Entries (document and photograph/drawing) must be in by Wednesday April 20th. (Please do not bring the actual product in... just the plan!)

Let's get creative while thinking of great ways to reduce waste. Your invention could change the world!

Good luck to all!
